

## EMERGENCY 350

The Emergency 350 is a range of compact bulkhead style, surface mounted or semi-recessed exit sign luminaires. Offering the choice of mains only, maintained or non-maintained integral emergency control gear. The Emergency 350 utilises a T5 8W or PLS 11W lamp and is IP65 rated as standard. The Emergency 350 also has a universal legend available which provides several exit sign options.

### FEATURES

- Surface mounted or available with optional semi-recessing bezel
- All polycarbonate housing available in a white or brass finish
- Semi-recessing bezels available in white or brass finishes
- All models incorporate a hinged geartray
- Centrally mounted BESA entry and 20mm end conduit drill starts for ease of installation and maintenance
- Polycarbonate fresnel diffuser available in either opal or prismatic
- Mains only versions and 3hr maintained or non-maintained versions available as standard
- LED version available on request
