

BEDHEAD SLIMLINE

The Bedhead Slimline is an elegantly designed, compact, wall mounted luminaire. The Bedhead Slimline has been specifically designed for use in bedded areas where separate call systems are to be installed.

FEATURES

- Unique light reflector throws light onto the bed, providing illumination to the patient whilst providing minimum glare for ward occupants
- T5 lamp technology utilised for increased light control and efficiency
- Dimmable versions available (24W versions only)
- Minimum maintenance
- Remote switching required
- 4000K lamps recommended for hospital use
