

ENCLOSED GONDOLA

The Enclosed Gondola is an uplighter which offers an elegant appearance and excellent light distribution. The toughened glass cover complete with gasket makes this product ideal for hospitals.

FEATURES

- Creates a comfortable ambience
- Additional visual interest available with optional lower surface perforations
- High frequency as standard, offers silent, flicker free, economical operation
- A polished aluminium reflector ensures optimum efficiency and provides an asymmetric distribution, projecting the light into the space to be illuminated
- Full cover complete with gasket offers wipeable upper surface
- 4000K lamps recommended for hospital use
